22	How will RPL assessment be managed and who will carry it out?
	Give details of how RPL assessment for the qualification will be carried out
	and quality assured.
	The RPL assessment will be carried out through pre assessment,
	identifying the skills gaps, provide bridge training to cover the competency
	gap and then conduct final assessment of the candidates
23	Describe the overall assessment strategy and specific arrangements
20	which have been put in place to ensure that assessment is always
	valid, reliable and fair and show that these are in line with the
	requirements of the NSQF.
	Assessment is done through third parties who are affiliated to B&WSSC as
	Assessment Body. Assessors are trained & certified by B&WSSC through
	Training of Assessors program. The assessment involves two processes.
	The first process is gathering the evidence of the competency of individuals.
	The second part of the assessment process is the judgement as to whether
	a person is competent or not. The assessment plan contains the following information:

The assessments are happening in online/ offline basis. There are three phases of assessments which is followed in all assessment process of different job roles-

- Theory- weightage 30%
 - Practical+ VIVA- Weightage 70% (Hands on assessment + Oral questioner)

The theory questions are objective type with multiple choice option, out of which we have some pictorial questions also. VIVA questions are also based on the job role and the practical questions are assessed on the hands-on performance.

Criteria on decision making & process manual is attached in the folder (Attachment name – Assessment Process)

Please attach most relevant and recent documents giving further information about assessment and/or RPL.

Give the titles and other relevant details of the document(s) here. Include page references showing where to find the relevant information.

ASSESSMENT EVIDENCE

Complete a grid for each component as listed in "Formal structure of the qualification" in the Summary.

NOTE: this grid can be replaced by any part of the qualification documentation which shows the same information – i.e., Learning Outcomes to be assessed, assessment criteria and the means of assessment.

Title of Component: Assistant Nail Technician

CRITERIA FOR ASSESSMENT OF TRAINEES

Job Role Assistant Nail Technician

Qualification Pack BWS/Q0401

Sector Skill Council Beauty & Wellness

Guidelines for Assessment:

1. Criteria for assessment for each Qualification Pack (QP) will be created by the Sector Skill Council. Each Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each PC. 2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.

3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.

4. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training centre (as per assessment criteria below).

5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/training centre based on this criterion.

6. To pass the QP, every trainee should score a minimum of 50% in aggregate.

7. In case of unsuccessful completion, the trainee may seek reassessment on the QP.

Means of assessment 1

Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each PC.

The assessment for the theory part will be based on knowledge bank of questions created by the SSC.

Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training centre (as per assessment criteria below.)

Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/training centre based on this criteria.

Means of assessment 2

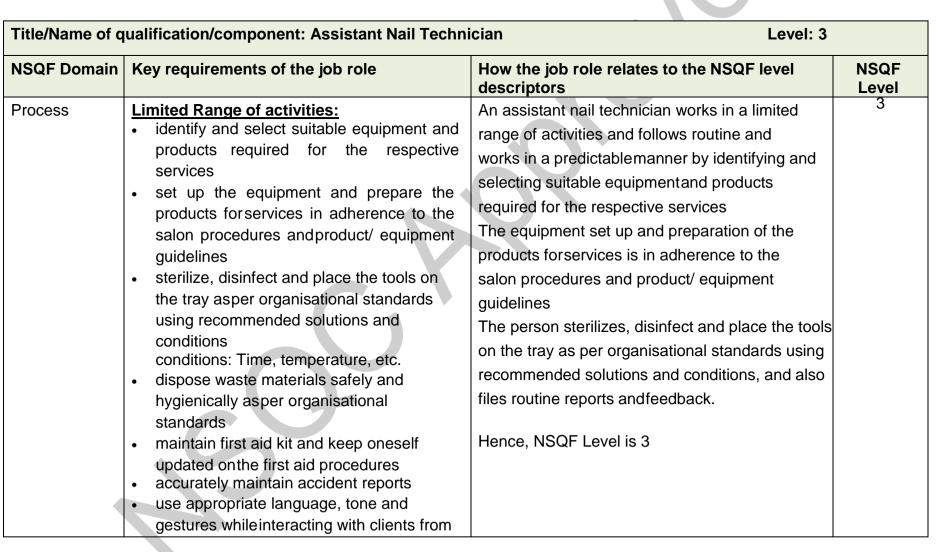

Add boxes as required.

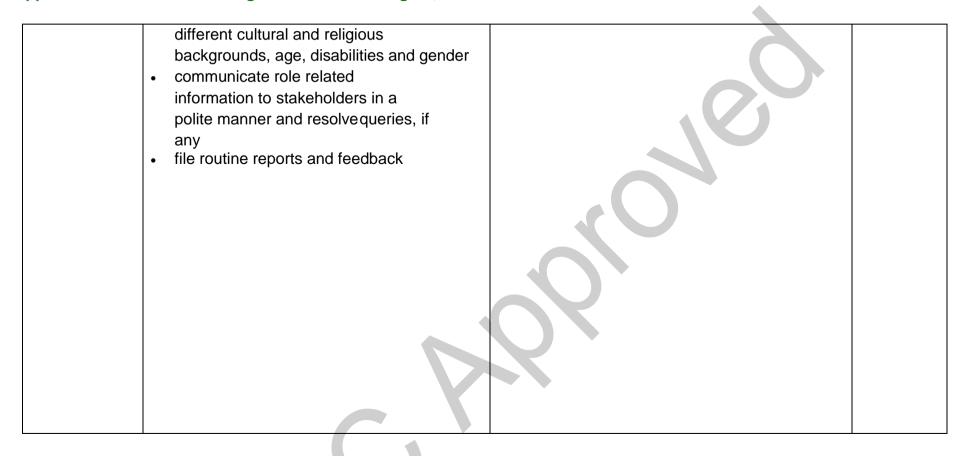

Pass/Fail

To pass the QP, every trainee should score a minimum of 50% in aggregate. In case of successfully passing only certain number of NOS's, the trainee is eligible to take subsequent assessment on the balance NOS's to pass the Qualification Pack.

	qualification is one of the critical roles in the sector. The details of statistics and research analysis are provided separately as a research analysis report. Industry Relevance	B&WSSC undertook validation of the job roles with actual end-user industry where such employment is going to be generated and absorbed instead of generic validation of industry. B&WSSC will submit the endorsements from users/intended users of the qualification clearly supporting or otherwise the need for trained people against specific job role. (The industry validation format had been used)	The Submitting Body would submit the list of industry participation while preparation of the curriculum/ course content of the qualifications. These could include minutes of the meeting/ reports of these consultations
C	Usage of the qualification	The SSC would submit details of the employment generated (wherever applicable) and realised by virtue of training in the Qualifications of the sector earlier submitted for NSQF alignment. B&WSSC is an unorganized sector, hence case studies/ evidences will be given.	The submitting body would submit the details of trained and placed data in the proposed qualification (if an existing qualification is being proposed for NSQF alignment) Information about the success of the qualification should be given (e.g. uptake figures, examples of use in recruitment and placement rates (if known) should be given. However, many of the bodies that do

Estimated uptake The estimated market size of the nail care business in India is around Rs7.2 billion or \$103.74 million at the end of 2017. This includes products applied to nails and the accompanying nail salon services. Meanwhile, the total market size of the nailcare products segment was derived to be at around \$101.64 million, while the market size of the nailcare services segment was calculated to be worth \$2.1 million.	Increasing disposable income in addition to increasing number of working women and college going girls who tend to spend more on looking good is expected to drive the India nailcare market by 2025.	not have placement tracking mechanism established in place would provide necessary endorsements by the state/ministry stating that a tracking mechanism would be institutionalized and placement records shall be provided annually or later, depending on length of qualification. The Submitting Body should submit the estimated uptake by reflecting the number of the takers for this qualification for at least two years from submission of the qualification	

27	Recommendation from the concerned Line Ministry of the Government/Regulatory Body. To be supported by documentary evidences
	N/A
28	What steps were taken to ensure that the qualification(s) does (do) not duplicate already existing or planned qualifications in the NSQF? Give justification for presenting a duplicate qualification
	Under NCVET, there is no other similar STT course.
29	What arrangements are in place to monitor and review the qualification(s)? What data will be used and at what point will the qualification(s) be revised or updated? Specify the review process here
	The comments, feedback and suggestions were collected through interaction with industry experts. The same will be compiled and justifiable changes will be incorporated in the next/updated version of the QP. This QP is set to be revised before 08/04/2024.

Please attach most relevant and recent documents giving further information about any of the topics above.

Give the titles and other relevant details of the document(s) here. Include page references showing where to find the relevant information.

SECTION 4

EVIDENCE OF PROGRESSION

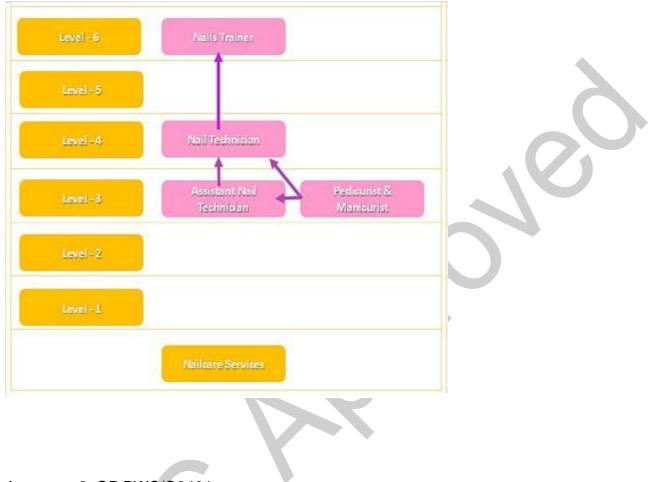

30	What steps have been taken in the design of this or other qualifications to ensure that there is a clear path to other qualifications in this sector? Show the career map here to reflect the clear progression
	 Discussing the growth trajectory within each occupation after studying organisational charts of various industry players across small, medium and large-scale organizations. Exploring various lateral career opportunities for the discussed qualification Ensuring that there is a clear role up in terms of performance criteria qualification experience and skill requirement from lower NSQF Level to higher levels in the hierarchy.
	Please refer to attached career path as per annexure 1 which clearly defines the career path.

Please attach most relevant and recent documents giving further information about any of the topics above.
