- PC4.**
  - use suitable consultation techniques to identify treatment objectives
  - such as: informing customer about the service, its benefits, number of sessions required and what customer will feel during the service/ treatment like cold, warmth etc. on the treatment area
- PC5.** perform and adapt the therapy using materials, equipment and techniques correctly and safely to meet the needs of the client
- PC6.**
  - clean the treatment area with product provided by the organization/ salon/ clinic
  - such as: dry the area, mark the area to be lased with white pencil and area which doesn't have hair or does not need laser should be marked
- PC7.** analyze skin type and hair type to assess the energy and other machine settings and get is confirmed by the medical expert
- PC8.** operate with the machine effortlessly which includes, switching it ON and OFF, sanitizing it, machine settings, handling the hand piece while delivering the shots and maintenance at the end of the day as per the requirement
- PC9.** perform pre-cooling of the treatment area with cool gel/ cold compress/ cooling device
- PC10.** ensure that overlap of the shots are as per the type of laser light used, to assure expected result and safety i.e., NO excessive overlap and NO gaps
- PC11.**
  - provide cooling in the treated area with cold
  - compress or cooling device to alleviate the discomfort of the client
- PC12.** remove the Vaseline/wet cotton swab and clean the skin post-procedure to ensure it is clean and adequately protected by the application of moisturizer/ sunscreen
- PC13.** complete the treatment/ service according to the standard operating procedure in the allocated time period

## Qualification Pack

- PC14.** check the clients comfort and wellbeing throughout the service and take advice from the expert when needed and execute accordingly to ensure the same
- PC15.** record details of the Treatment/ Service accurately as per the Organization policy and procedure
- PC16.** keep Customer and his/ her service information discreet as per the policy
- PC17.** reassure the client with necessary information and positive comments as required
- PC18.**
- provide specific after-process advice to the client such as: homecare, recommendation
  - for product use

## Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** organizations standards of performance and sequence of services
- KU2.** range of services and products offered by the organization
- KU3.** health and safety requirements in the organization
- KU4.** products, tools, equipment, (epilation unit, needle types size)
- KU5.** factors that influence current intensity.
- KU6.** moisture gradient that affects Galvanic current
- KU7.** aftercare & avoidance of activities that cause contra-actions
- KU8.** causes of hair growth and growth patterns
- KU9.** endocrine causes of hirsutism and hypertrichosis
- KU10.** probing faults
- KU11.** hair structure, hair growth cycle, hair functions, etc.
- KU12.** structure and function of the endocrine system
- KU13.** hormones secreted by the anterior pituitary, posterior, lobe, the parathyroid glands, the pancreas, adrenal medulla, and the adrenal cortex
- KU14.** gonads (sex glands): Ovaries , testes
- KU15.** pulmonary circulation, portal circulation, coronary circulation, systemic circulation, etc.
- KU16.** composition of blood
- KU17.** functions of the lymphatic system, lymphatic components, lymphatic nodes, etc.
- KU18.** electrical current: (Alternating current, interrupted current, direct current, chemical action, anode (+) and cathode (-) frequency and electrons, bi-phasic and monophasic.)
- KU19.** treatment adaptations according to treatment plan and individual client suitability
- KU20.** carry out skin sensitivity tests:Tactile test, thermal test, record results, etc.
- KU21.** contra-indications that may prevent or restrict treatment
- KU22.** possible effects and contra actions
- KU23.** anatomy, physiology and pathology for skin treatments
- KU24.** principles and practice of skin therapies
- KU25.** basic ailments, contraindications, contra actions, and treatment plans

## Qualification Pack

- KU26.** applicable legislation relating to the workplace (for example health and safety, workplace regulations, use of work equipment, handling/ storage/ disposal/ cautions of use of products, fire precautions, hygiene practice, disposal of waste, environmental protection)
- KU27.** structure, function, characteristics of skin types and position of the muscles
- KU28.** position of head, face, neck and shoulder girdle bones and skeletal function
- KU29.** circulatory system, functions of blood, arteries, veins, blood composition, lymphatic system, and the nervous system
- KU30.** effect of the intrinsic ageing process on the skin and muscle tone

## Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** document call logs, reports, task lists, and schedules with co-workers
- GS2.** prepare status and progress reports
- GS3.** record customers discussions in the call logs
- GS4.** write memos and e-mail to customers, co-workers, and vendors to provide them with work updates and to request appropriate information without English language errors regarding grammar or sentence construction
- GS5.** read about new products and services with reference to the organization and also from external forums such as websites and blogs
- GS6.** keep abreast with the latest knowledge by reading brochures, pamphlets, and product information sheets
- GS7.** read comments, suggestions, and responses to Frequently Asked Questions (FAQs) posted on the helpdesk portal
- GS8.** discuss task lists, schedules, and work-loads with co-workers
- GS9.** question customers appropriately in order to understand the nature of the problem and make a diagnosis
- GS10.** give clear instructions to customers
- GS11.** keep customers informed about progress
- GS12.** avoid using jargon, slang or acronyms when communicating with a customer, unless it is required
- GS13.** make decisions pertaining to the concerned area of work
- GS14.** plan and organize service feedback files/documents
- GS15.** manage relationships with customers who may be stressed, frustrated, confused, or angry
- GS16.** build customer relationships and use customer centric approach
- GS17.** think through the problem, evaluate the possible solution(s) and suggest an optimum /best possible solution(s)
- GS18.** deal with clients lacking the technical background to solve the problem on their own
- GS19.** identify immediate or temporary solutions to resolve delays
- GS20.** use the existing data to arrive at specific data points
- GS21.** use the existing data points for improving the call resolution time
- GS22.** use the existing data points to generate required reports for business

## Qualification Pack

**GS23.** apply, analyze, and evaluate the information gathered from observation, experience, reasoning, or communication, as a guide to thought and action

### BWS/N0504: Consult and perform hair removal services using laser

#### Description

Carrying out electrical needle epilation treatments to remove hair using alternating current and blend techniques.

#### Scope

The scope covers the following :

- Consult and perform hair removal services using laser

#### Elements and Performance Criteria

##### *Consult and perform hair removal services using laser*

To be competent, the user/individual on the job must be able to:

- PC1.** adhere to the health and safety standards laid out by the manufacturer and organization
- PC2.** ask questions to the client related to skin, hair and recent medical history to confirm and assure that service can be conducted and need not to be rescheduled on efficacy or safety grounds
- PC3.** position self and client throughout treatment to ensure privacy, comfort and wellbeing
- PC4.**
  - use suitable consultation techniques to identify treatment objectives
  - such as: informing customer about the service, its benefits, number of sessions required and what customer will feel during the service/ treatment like cold, warmth etc. on the treatment area
- PC5.** perform and adapt the therapy using materials, equipment and techniques correctly and safely to meet the needs of the client
- PC6.**
  - clean the treatment area with product provided by the organization/ salon/ clinic
  - such as: dry the area, mark the area to be lased with white pencil and area which doesn't have hair or does not need laser should be marked
- PC7.** analyze skin type and hair type to assess the energy and other machine settings and get is confirmed by the medical expert
- PC8.** operate with the machine effortlessly which includes, switching it ON and OFF, sanitizing it, machine settings, handling the hand piece while delivering the shots and maintenance at the end of the day as per the requirement
- PC9.** perform pre-cooling of the treatment area with cool gel/ cold compress/ cooling device
- PC10.** ensure that overlap of the shots are as per the type of laser light used, to assure expected result and safety i.e., NO excessive overlap and NO gaps
- PC11.**
  - provide cooling in the treated area with cold
  - compress or cooling device to alleviate the discomfort of the client
- PC12.** remove the markings/ gel and clean the skin post- procedure to ensure it is clean and adequately protected by the application of moisturizer/ sunscreen
- PC13.** complete the treatment/ service according to the standard operating procedure in the allocated time period
- PC14.** check the clients comfort and wellbeing throughout the service and take advice from the expert when needed and execute accordingly to ensure the same

## Qualification Pack

- PC15.** record details of the Treatment/ Service accurately as per the Organization policy and procedure
- PC16.** keep Customer and his/ her service information discreet as per the policy
- PC17.** reassure the client with necessary information and positive comments as required
- PC18.**
- provide specific after-process advice to the client such as: homecare, recommendation
  - for product use

## Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** organizations standards of performance and sequence of services
- KU2.** range of services and products offered by the organization
- KU3.** health and safety requirements in the organization
- KU4.** products, tools, equipment, (epilation unit, needle types size)
- KU5.** factors that influence current intensity.
- KU6.** moisture gradient that affects Galvanic current
- KU7.** aftercare & avoidance of activities that cause contra-actions
- KU8.** causes of hair growth and growth patterns
- KU9.** endocrine causes of hirsutism and hypertrichosis
- KU10.** probing faults
- KU11.** hair structure, hair growth cycle, hair functions, etc.
- KU12.** structure and function of the endocrine system
- KU13.** hormones secreted by the anterior pituitary, posterior, lobe, the parathyroid glands, the pancreas, adrenal medulla, and the adrenal cortex
- KU14.** gonads (sex glands): Ovaries , testes
- KU15.** pulmonary circulation, portal circulation, coronary circulation, systemic circulation, etc.
- KU16.** composition of blood
- KU17.** functions of the lymphatic system, lymphatic components, lymphatic nodes, etc.
- KU18.** electrical current: (Alternating current, interrupted current, direct current, chemical action, anode (+) and cathode (-) frequency and electrons, bi-phasic and monophasic.)
- KU19.** treatment adaptations according to treatment plan and individual client suitability
- KU20.** carry out skin sensitivity tests:Tactile test, thermal test, record results, etc.
- KU21.** contra-indications that may prevent or restrict treatment
- KU22.** possible effects and contra actions
- KU23.** anatomy, physiology and pathology for skin treatments
- KU24.** principles and practice of skin therapies
- KU25.** basic ailments, contraindications, contra actions, and treatment plans
- KU26.** applicable legislation relating to the workplace (for example health and safety, workplace regulations, use of work equipment, handling/ storage/ disposal/ cautions of use of products, fire precautions, hygiene practice, disposal of waste, environmental protection)

## Qualification Pack

- KU27.** structure, function, characteristics of skin types and position of the muscles
- KU28.** position of head, face, neck and shoulder girdle bones and skeletal function
- KU29.** circulatory system, functions of blood, arteries, veins, blood composition, lymphatic system, and the nervous system
- KU30.** effect of the intrinsic ageing process on the skin and muscle tone

### Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** document call logs, reports, task lists, and schedules with co-workers
- GS2.** prepare status and progress reports
- GS3.** record customers discussions in the call logs
- GS4.** write memos and e-mail to customers, co-workers, and vendors to provide them with work updates and to request appropriate information without English language errors regarding grammar or sentence construction

# BWS/N0503: Consult and advise clients on various anti-ageing treatments for skin and hair

## Description

Identifying the functions, diseases and disorders of the skin, hair and nails, and factors affecting their growth. It is about ageing, nature of ageing, causes and effects of ageing on the body systems, and the beauty treatments and products that may delay the ageing process.

## Scope

The scope covers the following :

- Consult and advise clients on various anti-ageing treatments for skin and hair

## Elements and Performance Criteria

### *Knowledge dermatology and physiology of ageing*

To be competent, the user/individual on the job must be able to:

1. adhere to the health and safety standards laid out by the organization
2. identify the client needs for services and products taking into account factors that may limit or affect the choice
3. analyse the skin, visually and carry out necessary tests
4. consult the client by questioning to identify contra-indications to skin and provide recommendations for treatments that are suitable to the client
5. define a suitable treatment plan to meet the clients needs
6. confirm to the client the pricing and duration of service and products and address client queries
7. communicate effectively with the client to maintains clients goodwill trust
8. clarify the client's understanding and expectation prior to commencement of treatment
9. provide after care advice and recommendations to the client
10. record the client and treatment details accurately and store information securely in line with the organizations policies.
11. identify the structure and functions of the skin, hair and nails
12. identify the diseases and disorders of the skin, hair and nails
13. determine the nature of ageing.
14. identify the causes and effects of ageing of the skin
15. identify the causes and effects of degenerative disorders as a result of the ageing process.
16. determine how beauty therapy treatments and products may delay the ageing process.

## Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** organizations standards of performance and sequence of services

## Qualification Pack

- KU2.** range of services and products offered by the organization
- KU3.** health and safety requirements in the organization
- KU4.** anatomy, physiology and pathology for skin treatments

# BWS/N0502: Identify the chemical composition of various beauty & hair products for effective use

## Description

Identify the chemistry of products used in the hair and beauty sector.

## Scope

The scope covers the following :

- Identify the chemical composition of various beauty & hair products for effective use

## Elements and Performance Criteria

### *Understand chemistry of hair and beauty products*

To be competent, the user/individual on the job must be able to:

1. identify the chemistry of active ingredients in hair and beauty products
2. determine the effects and safe use of active ingredients in hair and beauty products

## Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** organizations standards of performance and sequence of services
- KU2.** range of services and products offered by the organization
- KU3.** health and safety requirements in the organization
- KU4.** chemical compounds found in hair and beauty products. (Solids, liquids, gases, states of matter, atoms, molecules, oils, fats, waxes, animal, vegetable, mineral, aromatherapy blends, synthetic waxes, carnauba, hydrogen peroxide, lanolin, isopropyl alcohol, mineral oil, polyethylene glycol (PEG), propylene glycol (PG), sodium lauryl sulphate (SLS) and sodium laureth sulphate (SLES), diethanolamine (DEA), monoethanolamine (MEA), triethanolamine (TEA), FD&C pig-ments, amino compounds, amino-2-hy-droxytoluene and m-aminophenol, ammonium thioglycolate, sodium bromate, paraphenylenediamine, metal oxides, titanium dioxide, iron oxide, formaldehyde, material safety data sheets, pH scale, acids, alkaline, malic acid, lactic acid, citric acid, tartaric acid, glycolic acid, salicylic acid, AHAs, BHAs, DHA.)
- KU5.** active ingredients found in different hair and beauty products: Pigment molecules, temporary hair colour, semi-permanent hair dye, quasi-permanent hair colour, permanent hair colour, molecular structure, developer, peroxide, alkaline agent, ethanolamine, sodium carbonate, hydrogen peroxide, developer, oxidising agent, ammonia, chemical reaction, hair shaft, cuticle layer, cortex, melanin, bleaching, vegetable tinting gels, 3% (10 volume), 6% (20 volume), 12% (30 volume), cream/liquid.

## Qualification Pack

- KU6.** effect of functional groups on the reactivity of a molecule in products. Structure, properties, composition, reactions, esters, organic compounds, carbon-based compounds, hydrocarbons, derivatives, concept of functional groups, organic chemistry, classification of structures, properties, molecular module, chemical properties of organic compounds, physical properties of organic compounds, alcohols, hydrophilic, hydrophobic
- KU7.** desired effects of products in relation to their chemical composition

### Generic Skills (GS)

User/individual on the job needs to know how to:

### BWS/N0107: Perform facial electrotherapy

#### Description

Carry out facial electrotherapy to improve facial and skin condition using direct high frequency, galvanic, EMS, micro current lymphatic drainage equipment and ultrasonic machine.

#### Scope

The scope covers the following :

- This unit/task covers the following:
- Perform Facial Electrotherapy

#### Elements and Performance Criteria

##### *Perform facial electrotherapy*

To be competent, the user/individual on the job must be able to:

1. adhere to the health and safety standards laid out by the manufacturer and organization
2. position self and client throughout treatment to ensure privacy, comfort and wellbeing
3. use suitable consultation techniques to identify treatment objectives. Carry out skin analysis and relevant tests
4. perform and adapt the therapy using materials, equipment and techniques correctly and safely to meet the needs of the client and follow manufacturers instructions.
5. consult with clients on background, medical history etc with consent form
6. carry out facial electrotherapy to improve facial and skin condition using direct high frequency, galvanic, EMS, microcurrent and lymphatic drainage equipment
7. Electro Muscle Stimulator (EMS) Use Electro Muscle Stimulator (EMS) on the motor points of the facial muscles Constantly monitoring the intensity of frequency, the time and comfort of the client throughout the procedure.
8. lymphatic drainage equipment Ventouse Choose the appropriate size and type of Ventouse Choose and use the correct strokes and amount of suction in towards the lymph nodes
9. Galvanic To perform application of desincrustation/ iontophoresis gel/solution. To know Galvanic electrode preparation To know Maintenance of galvanic electrodes
10. High-frequency To perform Direct high-frequency method To perform Indirect high-frequency method To know Maintenance of high frequency electrodes
11. Micro current To perform application of micro current with appropriate lubricant, intensity and frequency following manufacturers instructions, Maintenance of micro current electrodes
12. perform application of ultrasonic for facial rejuvenation and improved skin conditions
13. clarify the client's understanding and expectation prior to commencement of treatment
14. complete the therapy to the satisfaction of the guest in a commercially acceptable time
15. record the therapy accurately and store information securely in line with the organizations policies
16. provide specific after-process advice to the client

## Qualification Pack

### Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** organizations standards of performance and sequence of services
- KU2.** range of services and products offered by the organization
- KU3.** health and safety requirements in the organization
- KU4.** studio centre usage
- KU5.** electrotherapy and object of the treatment
- KU6.** checking and handling the equipment before and during the procedure
- KU7.** electrical current: Alternating current, interrupted current, direct current, chemical action, anode (+) and cathode (-) frequency and electrons, bi-phasic and mono-phasic), sound wave
- KU8.** treatment adaptations according to treatment plan and individual client suitability
- KU9.** carry out skin sensitivity tests:Tactile test, thermal test, record results.
- KU10.** contra-indications that may prevent or restrict treatment
- KU11.** products used with EMS , galvanic , lymphatic drainage unit, hi frequency and microcurrent
- KU12.** possible effects and contra actions
- KU13.** anatomy, physiology and pathology for skin treatments
- KU14.** principles and practice of skin therapies
- KU15.** basic ailments
- KU16.** applicable legislation relating to the workplace (for example health and safety, workplace regulations, use of work equipment, handling/ storage/ disposal/ cautions of use of products, fire precautions, hygiene practice, disposal of waste, environmental protection
- KU17.** structure, function, characteristics of skin types and position of the muscles
- KU18.** position of head, face, neck and shoulder girdle bones and skeletal function
- KU19.** structure and function of the endocrine system
- KU20.** hormones secreted by the anterior pituitary, posterior lobe, the parathyroid glands ,the pancreas, the adrenal medulla, the adrenal cortex
- KU21.** gonads (sex glands): Ovaries, testes
- KU22.** equipment- G5 (gyratory vibratory machine)
- KU23.** composition of blood
- KU24.** functions of the lymphatic system, lymphatic components, lymphatic nodes.
- KU25.** circulatory System, functions of blood, arteries, veins, blood composition and circulation and lymphatic system, the nervous system
- KU26.** effect of the natural ageing process on the skin and muscle tone

### Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** document call logs, reports, task lists, and schedules with co-workers
- GS2.** prepare status and progress reports
- GS3.** record customers discussions in the call logs

## Qualification Pack

- GS4.** write memos and e-mail to customers, co-workers, and vendors to provide them with work updates and to request appropriate information without English language errors regarding grammar or sentence construction
- GS5.** read about new products and services with reference to the organization and also from external forums such as websites and blogs
- GS6.** keep abreast with the latest knowledge by reading brochures, pamphlets, and product information sheets
- GS7.** read comments, suggestions, and responses to Frequently Asked Questions (FAQs) posted on the helpdesk portal
- GS8.** discuss task lists, schedules, and work-loads with co-workers
- GS9.** question customers appropriately in order to understand the nature of the problem and make a diagnosis
- GS10.** give clear instructions to customers
- GS11.** keep customers informed about progress
- GS12.** avoid using jargon, slang or acronyms when communicating with a customer, unless it is required
- GS13.** make decisions pertaining to the concerned area of work
- GS14.** plan and organize service feedback files/documents
- GS15.** manage relationships with customers who may be stressed, frustrated, confused, or angry
- GS16.** build customer relationships and use customer centric approach
- GS17.** think through the problem, evaluate the possible solution(s) and suggest an optimum /best possible solution(s)
- GS18.** deal with clients lacking the technical background to solve the problem on their own
- GS19.** identify immediate or temporary solutions to resolve delays
- GS20.** use the existing data to arrive at specific data points
- GS21.** use the existing data points for improving the call resolution time
- GS22.** use the existing data points to generate required reports for business
- GS23.** apply, analyze, and evaluate the information gathered from observation, experience, reasoning, or communication, as a guide to thought and action

## Assessment Guidelines and Assessment Weightage

### Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/training center based on this criteria.
6. To pass the Qualification Pack , every trainee should score a minimum of 70% in aggregate.
7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

## Qualification Pack

### Minimum Aggregate Passing % at QP Level : 70

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

### Assessment Weightage

Compulsory NOS

National Occupational Standards	Theory Marks	Practical Marks	Project Marks	Viva Marks	Total Marks	Weightage
BWS/N9002.Maintain health and safety of workplace	33	67	-	-	100	10
BWS/N9003.Create a positive impression at the workplace	36	64	-	-	100	10
BWS/N9001.Prepare and maintain work area	30	70	-	-	100	10
BWS/N0507.Counsel and provide anti-pigmentation services by using superficial peels/dermabrasion	28	72	-	-	100	10
BWS/N0506.Counsel and perform acne treatments using peels/ high frequency/laser	28	72	-	-	100	10

### Glossary

<b>Sector</b>	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
<b>Sub-sector</b>	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
<b>Occupation</b>	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
<b>Job role</b>	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
<b>Occupational Standards (OS)</b>	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
<b>Performance Criteria (PC)</b>	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
<b>National Occupational Standards (NOS)</b>	NOS are occupational standards which apply uniquely in the Indian context.
<b>Qualifications Pack (QP)</b>	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
<b>Unit Code</b>	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
<b>Unit Title</b>	Unit title gives a clear overall statement about what the incumbent should be able to do.
<b>Description</b>	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
<b>Scope</b>	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

## Qualification Pack

<b>Knowledge and Understanding (KU)</b>	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
<b>Organisational Context</b>	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
<b>Technical Knowledge</b>	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
<b>Core Skills/ Generic Skills (GS)</b>	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
<b>Electives</b>	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
<b>Options</b>	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
